Docusate Sodium 50 mg .... Stool softener

Uses ▪ for prevention of dry, hard stools ▪ for relief of occasional constipation ▪ this product usually produces a bowel movement in 12 to 72 hours

Warnings

Drug Interaction Precaution: Do not give this product to your child if your child is presently taking mineral oil, unless directed by a doctor.

Do not use when abdominal pain, nausea, or vomiting are present unless directed by a doctor.

Ask a doctor before using any laxative if your child has
▪ a sudden change in bowel habits lasting more than 2 weeks
▪ already used a laxative for more than 1 week
▪ if constipation continues after 1 week of use, contact your child's doctor

Stop using this product and consult a doctor if your child has
▪ rectal bleeding
▪ no bowel movement within 72 hours of using this product
These symptoms may be signs of a serious condition.

Keep out of reach of children. In case of overdose, get medical help or contact Poison Control Center (1-800-222-1222) right away.

Directions
▪ do not give more than 45 mL in any 24 hour period
▪ use only with enclosed dosing cup
▪ find right dose on chart below
▪ mL = milliliter

Children 2 to under 12 years	15 mL to 45 mL; do not take more than 45 mL in 24 hours
Children under 2 years	ask a doctor

Doses can be diluted in a suitable beverage to prevent throat irritation and to help mask the naturally tart flavor of the active ingredient (see side panel for info).
